DETAILED ACTION
EXAMINER'S AMENDMENT

Authorization for this examiner's amendment was given in a telephone interview with Robert J. Crawford on 12/2/05. The application has been amended as follows:

Claim 32, line 6, "calculation" has been deleted.

Reasons for Allowance

2. The following is an examiner's statement of reasons for allowance: A method and apparatus for crosstalk cancellation are disclosed. The closest prior art Gerlach et al, US patent No. 5,471,647, discloses similar method and apparatus. However, as argued by applicant, on a phone conversation made on 12/2/05, claims 28, 31 and 32 are means plus function type claims and Gerlach et al does not teach the same means to perform the intended function and therefore the claims are neither anticipated or rendered obvious by Gerlach et al. in addition, the additional features recited in each of claims 7, 10, 11, 17, 19 and 21 are neither anticipated or rendered obvious by Gerlach et al.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
